BEHIND THE SCENES

ME WORKING

INTERESTS

WEB DEVELOPMENT

From school years I have been interested in technologies. I have learned HTML, CSS, JAVASCRIPT and PHP and use it for fun. Sometimes I get orders to make a website, sometimes I create websites for projects I am involved in.

Here are some examples:

- 🔗 tynyanov.rezekne.lv/ - design, development and texts
- 🔗 sfera360.lv - design and development
- 🔗 www.baltictruth.com - design and development
- 🔗 www.foremanfitness.gmbh - design and development
- 🔗 ultrasoundboston.com - design and development
- 🔗 sfera360.lv/sicw - design and development

VIRTUAL TOURS

It looks like Google Street View, but much more customisable.

You can find my works here: 🔗 sfera360.lv

GRAPHIC DESIGN

If I need to take a photo, layout some text or make a logo, I do it by myself. Sometimes I also get orders for graphic design.

UBUNTU

I know Ubuntu good enough to set up a web server with it. And this CV is served by Oracle VPS I set up.

MUSIC

I like to experiment with music and sometimes I really like the result. For example, I composed music for 🔗 [this video \(https://youtu.be/I119Ti2gArc\)](https://youtu.be/I119Ti2gArc), 🔗 [this one \(https://youtu.be/DB0AItoSNnQ\)](https://youtu.be/DB0AItoSNnQ) and 🔗 [this one \(https://youtu.be/mzMvUCfgqj4\)](https://youtu.be/mzMvUCfgqj4).

HIKING / RUNNING / WATER TOURISM

I like to be active, explore, move. And nature is the best place to relax and find inspiration.

Thank You!

“Every piece of artwork has an emotional message and all these messages together will tell the story.”
